Round Table Discussion Topics

TABLE ONE

TITLE: “Lawyers—Getting more Bang for your Buck”

HOST: Neal Brown, Esq. Waranch & Brown, LLC & Alicia C. Reynolds, Esq. Director of Claims and Litigation, MMCIP

Description:

How to manage outside counsel to achieve the most efficient, cost effective results for your cases in litigation. This topic will cover innovative ways to partner with your lawyers to save litigation costs. We will also cover selection of counsel –which ones for the right cases at what court—flat fees and alternative billing arrangements.

TABLE TWO

TITLE: “OMG - Healthcare Claims Management – The Fun Never Ends”

HOST: Lauree Barreca, R.N., J.D., CPHRM, Managing Attorney, Claims and Litigation, The Johns Hopkins Health System

Description:

Discussion of current issues in the management of claims in the healthcare arena.

TABLE THREE

TITLE: “Risky Business”

HOST: Monica Cook e MA, RNC, CPHQ, CPHRM / CEO, Quality Plus Solutions LLC

Description:

Discuss the high risk issues related to the care of the behavioral patient in non-behavioral health settings. Suicidality, aggression, and elopement risk mitigation strategies will be reviewed.

TABLE FOUR

TITLE: “Risk Dashboards”

HOST: Barbara Werner-Lubich, RN, MS, CPHRM, Director of Clinical Risk Management Maryland Medicine Comprehensive Insurance Program & Emily Gutchell, Data Management Specialist in healthcare Risk Management, MedStar Washington Hospital Center

Description:

Why should Quality have all the fun with dashboards? Come discuss developing a risk dashboard – how to get started, some ideas for what to include, roll it up, break it down.

TABLE FIVE

TITLE: "Challenged Relationships - EMR & physicians"

HOST: Deborah B. Garibay, RN, JD, CPHRM, Associate General Counsel - Risk Management. The George Washington University Medical Faculty Associates

Description:

Have EMR's made our life easier or worse? What new risk issues have appeared and which are better? Can EMR's really improve patient safety and quality of care?

TABLE SIX

TITLE: "Don't Get Caught - Preparation is the Key"

HOST: Chip Hatchell, RN, BSN, CPHRM, Director, Quality/Patient Safety at Mercy Medical

Description:

Disasters are events distinguished from everyday emergencies by four elements:

- *Organizations are forced into more and different kinds of interactions than normal*
- *Normal autonomy is loss*
- *Performance standards change*
- *More coordinated public/private sector relationships are required*

In this discussion participants will learn some processes for disaster preparedness and keeping the operations of the organization normal.

TABLE SEVEN

TITLE: Guardianship

HOST: Meg Garrett BSN, MED, JD, CPHRM, Senior Counsel and Director of Risk Management, Johns Hopkins Health System Legal Department

Description:

One of the challenges facing the risk manager today is informed consent. So often a patient comes to a hospital and may not have a surrogate or has surrogates who are not agreeing on decisions. Who can give consent? Topic to discuss: surrogate decision making, advance directives, guardianship and possible ethics committee interventions.

Facilitators

M. Lauree Barreca, RN, JD, CPHRM
